ARTISAN DRAPERY ROD

## NEW NAME, SAME QUALITY

### ARTISAN DRAPERY ROD COMPANY

Though we have a new name, you can expect the same handcrafted quality and exceptional customer service. We believe this name better reflects the dedication we have toward broadening our product offering and acknowledges the diligence of our craftsmen and artisans that pour themselves into creating the beautiful drapery hardware.

# SALES RESOURCES

We want you to have the tools you need to assist your customers and efficiently work with ADR products, so we offer a range of sales resources to assist and inspire you.

## ADR PRODUCT GUIDE

Besides this print version of the ADR Product Guide, we also have:

- A Downloadable PDF of the ADR Product Guide
- A Flip Book version online with links directly to the website for ordering

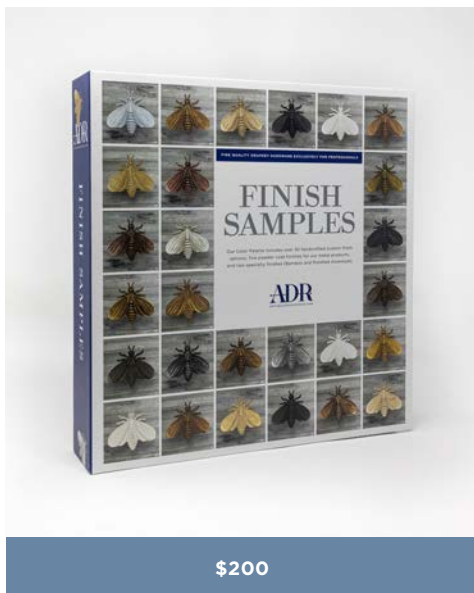

You can get the PDF or access the Flip Book at [www.artsiandraperyrod.com/sales-resources](http://www.artsiandraperyrod.com/sales-resources).

## CUSTOMER SUPPORT

Our drapery hardware specialists are always eager to extend their assistance and expertise. We want you to have a terrific experience each time you interact with our company. Please call or write any time we can help.

**(214) 653-1733**

\$200

### ADR FINISH SAMPLES FOLDER

A hard cover tri-fold book which includes all of ADR hand finished, specialty finish and powder coat finishes. Ideal for use in workrooms, stores or the client's kitchen table.

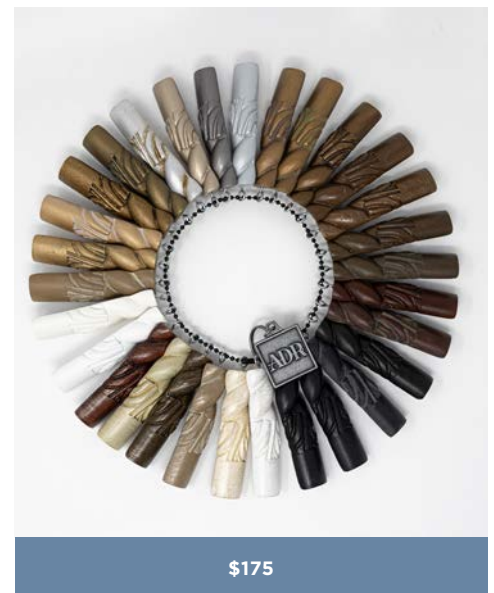

Classic  
\$22

Premium  
\$34

Lux  
\$44

### INDIVIDUAL ADR FINISH SAMPLES

You can order individual samples to see the specific finish you and your client are considering.

\$175

### ADR FINISHES SAMPLE CHAIN

A beaded chain which includes all of ADR hand finished, specialty finish and powder coat finishes. Ideal for the professional on the go.

# FINISHES

Producing lustrous finishes involves three to six steps and includes artful hand-antiquing plus beautiful brushed silver and gold highlights, and wash techniques consistent with the highest industry standards. ADR's custom finishes are organized into three levels of exceptional uniqueness and quality: Classic, Premium, and Lux. Our palette includes 32 handcrafted finishes, five powder coat finishes, and two specialty finishes.

## CLASSIC FINISHES

### Black (B)

Classic matte black exterior  
Painted iron works finish

### Ebony (EB)

Clean, modern, with  
satin black finish

### English Walnut (E)

Black-brown of old  
English antiques

### Pewter (CC)

Neutral grey metal to transitional  
modern painted finish

### Black Wash (D)

Matte black with hand-  
antiqued charcoal wash

### Hazelnut (HZ)

Light, nutty, neutral brown with  
mocha hand-antiqued wash

### Merlot (M)

Rich, reddish cherry wood

### French Oak (O)

Country French warm  
wood antiques

### Italian Walnut (I)

Warm, dark, chocolate  
brown wood

### Heavy Cream (HC)

Softer, creamier white

### Fresh White (W)

Clean, modern white

## PREMIUM FINISHES

### Modern Gold (MG)

Pure, sleek, warm gold that adds  
elegance and sophistication

### Graphite (GR)

Deep, cool, dark gray that  
adds depth and luxury

### Oil-Rubbed Bronze (UU)

Warm, metallic bronze with  
espresso hand-antiqued wash

### Bronze Verdigris (NV)

Warm reddish brown metal finish  
with moss hand-antiqued wash

### European Walnut Gold (24)

Dark, aged wood tone with  
gold brush highlights

### Platinum Hollywood (ZZ)

1920's light, silver white

### Champagne (VS)

Modern, warm gold and  
sleek silver combined

### Merlot Verdigris (MV)

Rich, reddish cherry wood with  
moss hand-antiqued wash

### Cashew Almond Silver (28)

Creamy, neutral mocha finish  
with golden accents

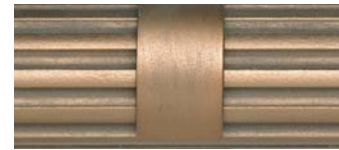

### Cream Cashew Silver (36)

Ivory cream finish with  
warm silver highlights

### White Silver Wash (38)

Crisp, bright white finish  
with silver antiquing

### Bronze (N)

Traditional, warm reddish  
brown metal finish

## HOW TO ORDER USING PRODUCT CODES AND ADR CUSTOM FINISHES

Fill in the open underlined space of the product code with your selected color code from the list of ADR custom finishes below.

Example at left: Black (**B**) - Classic  
Antique Gold (**A**) - Premium  
**BRABEW**  
White Silver Wash (**38**) - Lux  
**BR38BEW**  
Powder Coat White (**XW**)  
**BRXWBEW**

## LUX FINISHES

**Cranberry Café Silver (31)**  
Deep cranberry red finish with warm silver antiquing

**Spearmint Café Silver (33)**  
Light pastel blue with green undertones and warm silver trim

**Italian Walnut Verdigris (IV)**  
Dark, chocolate brown wood with moss hand-antiqued wash

**Renaissance Gold (RG)**  
Satiny gold with caramel hand-antiqued wash

**White Wash Gold (WG)**  
Warm, satin gold with hand-antiqued soft white wash

**Antique Gold (A)**  
Warm, satin gold with contrasting hand-antiqued dark charcoal wash

**Antique Brass (BP)**  
Traditional green, gold metal finish

**French Oak Gold Wash (OG)**  
Country, French warm wood antiques with gold hand-glazing

**French Silver Leaf (P)**  
Hand applied shiny silver leaf with contrasting charcoal antique wash

## SPECIALTY FINISHES

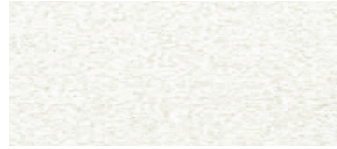

**Tortoise Shell Finish (T)**  
Available for bamboo products only.  
Classic Finish - Pricing Level 1

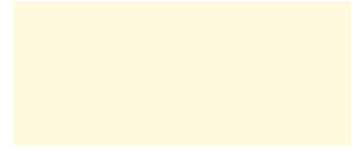

**Polished Aluminum Finish (S)**  
Select aluminum products only.  
See pricing for individual products.

## POWDER COAT FINISHES\*

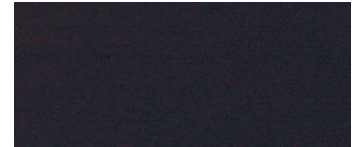

**Powder Coat White (XW)**

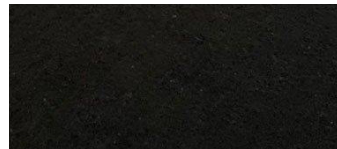

**Powder Coat Cream (XH)**

**Powder Coat Bronze (XU)**

**Powder Coat Walnut (XI)**

**Powder Coat Black (XB)**

\*Powder Coat finishes only available on metal products.

**Hand Finishing Variations** — Drapery hardware that is finished individually in the hands of master craftsmen will naturally vary. It's inherent in the process, and the fact that it is not being replicated on a high-speed assembly line, is what makes it a custom drapery hardware product. Different materials take paint or stain differently. A hand-finished resin drapery rod finial may look slightly darker or lighter than a hand-finished wood drapery rod in the same color. This is because the wood absorbs more color than the resin. These slight natural color variations deliver the desired custom character and blend with the surroundings once the overall window treatment is installed.

**Brand Variations** — You may see the same color or finish name in other manufacturers' collections, however they may not match one another. For example, ADR's Oil-Rubbed Bronze may not match Oil-Rubbed Bronze from a different brand. Once you settle on which products you want to buy, it's a good idea to order all the components from the same vendor.

**Display Variations** — There may be variations between what you see in the catalog and the actual finish. To help ensure you get exactly what you want, we offer individual samples and complete sets of the ADR Color Palette in either key chain or binder formats. See pg. 3 or [artisandraperyrod.com/sales-resources/](http://artisandraperyrod.com/sales-resources/)

# ACRYLIC

With the Acrylic Collection, you can create a window treatment that looks as luxurious as glass without the added weight and fragility. To pair with these iconic rods, we offer polished aluminum hardware in addition to accessories that can be created in any of our finishes.

**FINISHES:**

A 1-3/8 in. Acrylic Rod with Modern Cap Finial 2.0 in Gold, Simple Tube Bracket and 2 in. Smooth Iron Ring (pg. 10)  
B Modern Cube 1.0 Finial (pg. 10) • C Polished Modern Cap 1.0 (pg. 11)  
D 1-3/8 in. Acrylic Rod with Polished Modern Cap 1.0, Polished Simple Tube Bracket and 2 in. Polished Aluminum Ring

D

# ACRYLIC COLLECTION

- Select the appropriate product for the length range you want, then specify the specific length for manufacturing purposes
- Fall-Off (left over piece) will not be shipped
- Acrylic rods can be connected together using any of the 1 3/8" brackets at the splice
- Rods are not drilled for finials. All finials are held on with a set screw
- Acrylic rods require a bracket every three to four linear feet depending on drapery weight
- Please provide the length you desire in inches after the product sku.

# FRENCH RODS

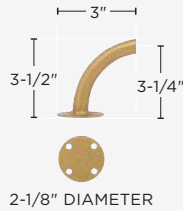

French Rods are known for their simplicity and clean casual lines. They're perfect for pleated, grommet, tab-top, and rod-pocket style drapery treatments. Their sleek inward curves allow panels to wrap around the pole and stack back against the wall. This achieves a clean, polished look with full fabric closure on both ends which adds privacy, reduces noise, drafts, and limits sidelight.

# EXPANDABLE FRENCH / RADIUS RODS

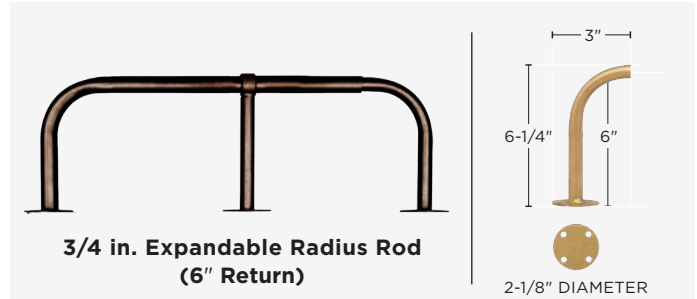

(see pg. 25 for shipping charges)

# FRENCH TRAVERSE RODS

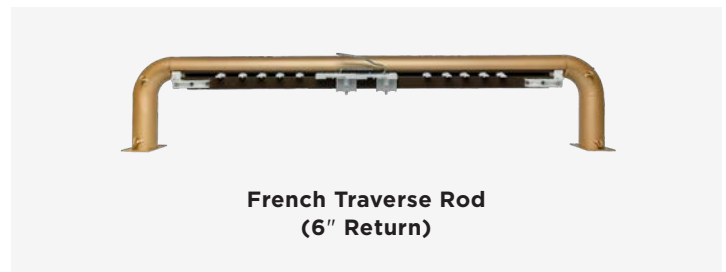

(see pg. 25 for shipping charges)

- One piece construction, center draw only, two returns available (3.5" and 6" – not available as a double rod)
- 48"-71" – No support brackets included
- 72"-119" – 1 support bracket
- 120"-184" – 3 support brackets
- This rod requires two people to install
- Measurement is outside base plate to outside baseplate
- Customer will select the appropriate product for the length range they want, then specify the specific length for manufacturing purposes.
- All rods over 92" will be split for shipping. If one long length is desired then it will be a custom rod. Please contact customer service for pricing
- Must remove track from rod to get additional carriers in or out.
- Rod comes with 4 carriers per foot and includes overlap
- No powder coat finishes available

**\$110**

## CAFE ROD SET & RING

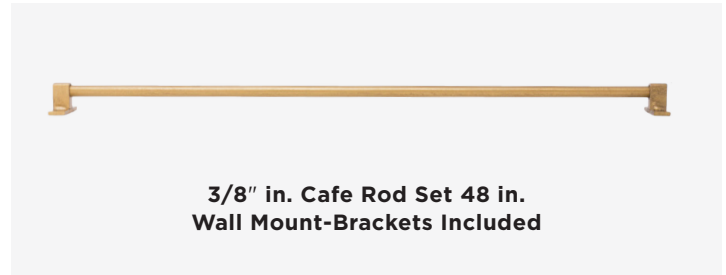

- The maximum length of this rod set including brackets is 48 in. and can be cut down to size by ADR at no extra cost
- Please provide the length you desire in inches after the product sku
- Rings sold separately
- The measurement will be outside baseplate to outside baseplate

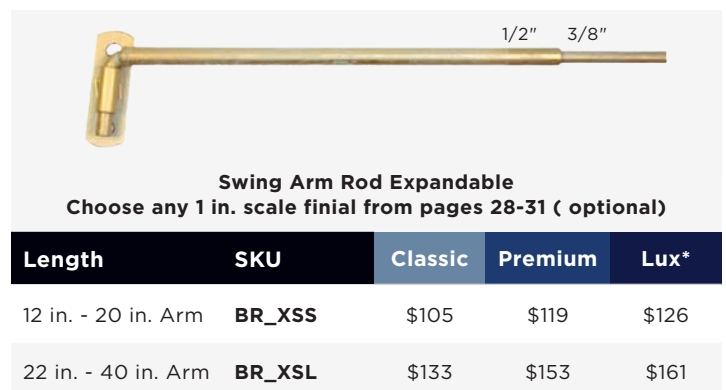

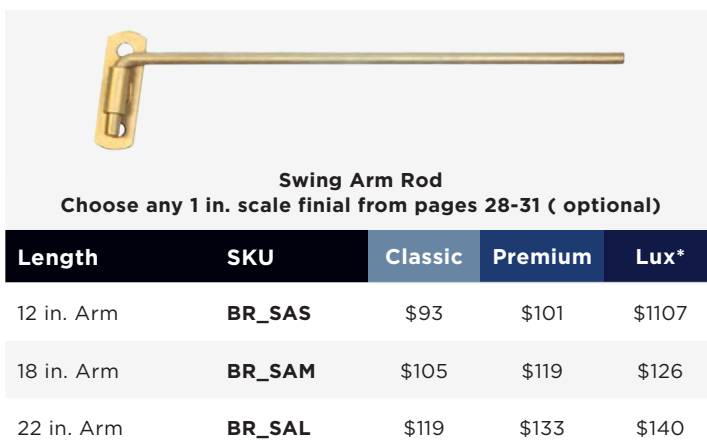

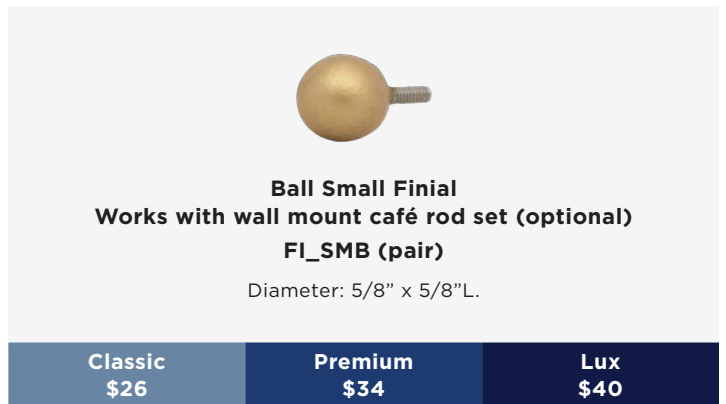

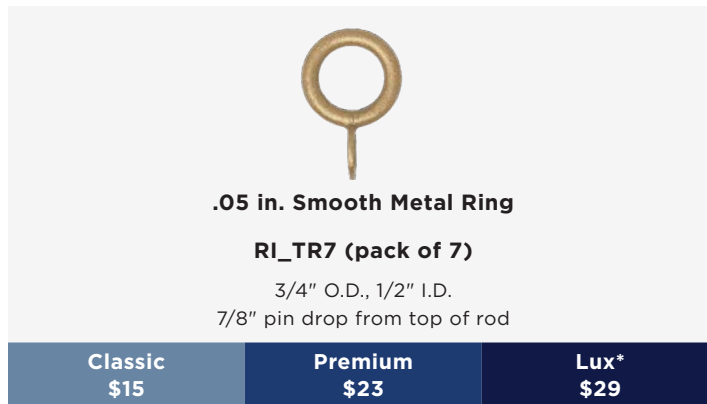

Length	SKU	Classic	Premium	Lux*
Up to 48 in.	<b>RR_CR4I</b>	\$240	\$260	\$268

The measurement will be outside baseplate to outside baseplate.

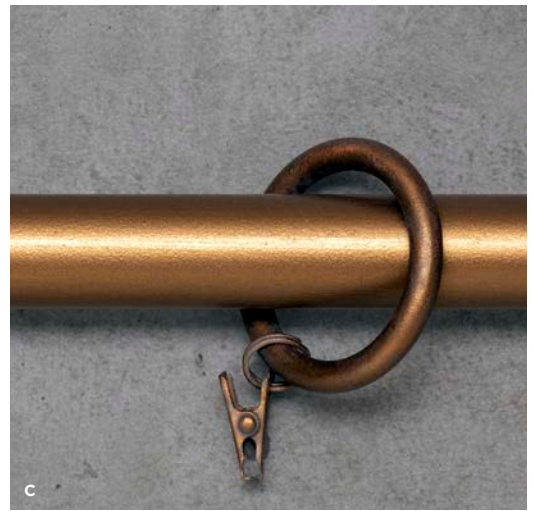

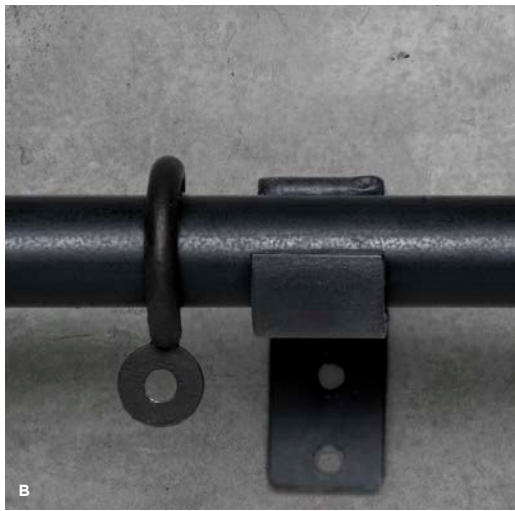

Length	SKU	Classic	Premium	Lux*
Up to 48 in.	<b>RR_CR4W</b>	\$240	\$260	\$268

The measurement will be outside baseplate to outside baseplate.  
Example: if your window is 30" and you want the rod to sit right outside the window, order the rod set 31". Each wall mount bracket is 1/2" wide.

\*Available in powder coat. Maximum length is 13 feet.

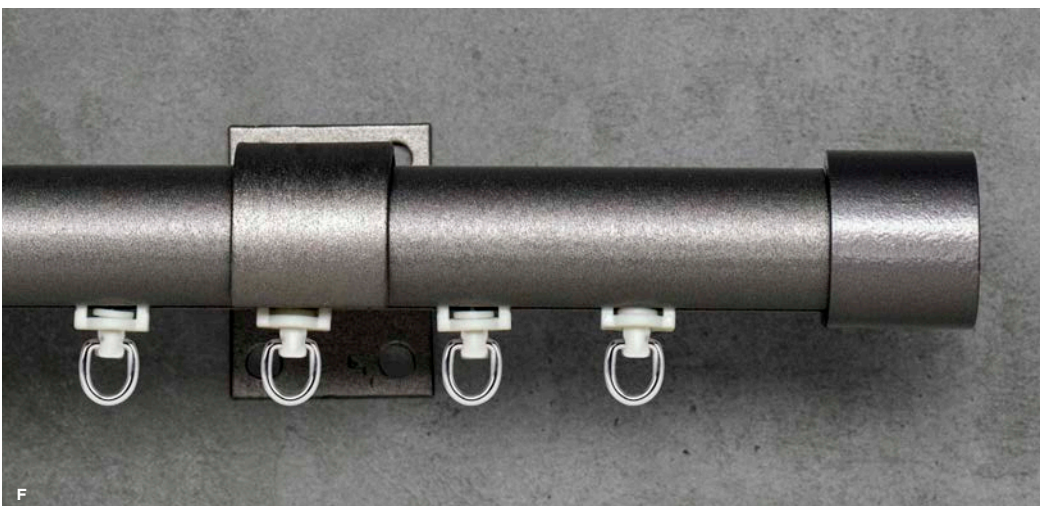

# 1 INCH Scale

One Inch Scale items are the largest part of the ADR product line. This includes 5/8 in., 7/8 in., 3/4 in., and 1 in. diameter rods. One Inch Scale finials, brackets and rings relate properly to these four rod sizes in form, proportion, and function. Of course, everything is always relative to the scope of the room, the amount of space to be occupied, the weight to be supported, and the statement to be made with the design.

#### FINISHES:

A Fresh White • B Black Wash • C Bronze • D French Oak Gold Wash  
E European Walnut Gold • F Pewter • G Hazelnut

## RODS OVER 12 FT. IN LENGTH (8' BAMBOO)

Longer rods are made from two or more sections of raw material (wood, metal, bamboo, etc.), spliced together structurally and finished to look and function as one continuous rod. The splice usually occurs at the center and should be supported with a bracket. We recommend a support bracket every 4 to 6 feet (depending on the weight of the drapes) and under each point at which rods are joined with a connector.

## TIPS FOR SAVING ON SHIPPING FEES

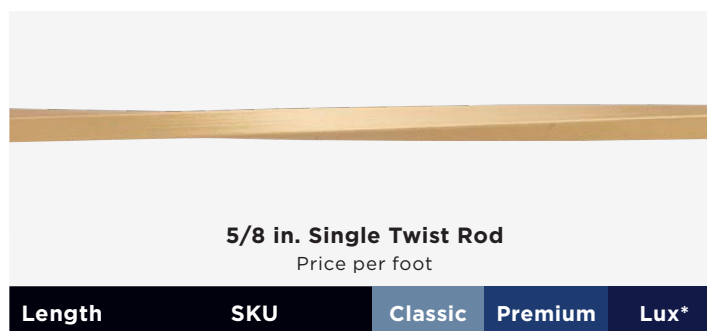

Buy smaller rods 104" or less and join them onsite using a connector, especially when using center draw and/or stationary panels. A support bracket will be needed where you join the rod. Other support brackets may be needed as well depending on the length of the rod and the weight of the drapes.

## FREIGHT SHIPPING

Products over 104" in length will require freight delivery (semi-truck, 18-wheeler). An additional \$95 fee is charged for freight deliveries to residential addresses.

Freight Charges:

Rod Length	Freight Shipping
Over 104" up to & including 140" • Signature Required	\$395
Over 140" up to & including 176" • Includes PVC container, insurance and signature required.	Call for a Quote
Residential Surcharge	\$95

# 2 INCH Scale

Two Inch Scale drapery hardware includes 1- $\frac{3}{4}$  inch and 2 inch diameter rods. Two Inch Scale finials, brackets, and rings relate properly to these rod sizes in form, proportion, and function.

Of course, everything is always relative to the size of the room, the amount of space to be occupied, the weight to be supported, and the statement to be made with the design.

#### FINISHES:

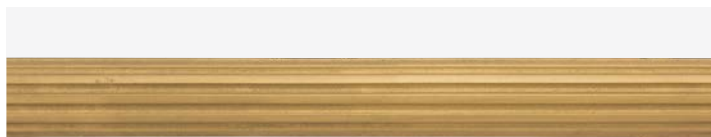

A Antique Brass • B Cream Cashew Silver • C Italian Walnut Verdigris • D English Walnut  
E Ebony / Fresh White • F Italian Walnut / Polished Aluminum • G White Silver Wash

**RODS OVER 12 FT. IN LENGTH (8' BAMBOO)**

Longer rods are made from two or more sections of raw material (wood, metal, bamboo, etc.), spliced together structurally and finished to look and function as one continuous rod. The splice usually occurs at the center and should be supported with a bracket. We recommend a support bracket every 4 to 6 feet (depending on the weight of the drapes) and under each point at which rods are joined with a connector.

**TIPS FOR SAVING ON SHIPPING FEES**

Buy smaller rods 104" or less and join them onsite using a connector, especially when using center draw and/or stationary panels. A support bracket will be needed where you join the rod. Other support brackets may be needed as well depending on the length of the rod and the weight of the drapes.

**FREIGHT SHIPPING**

Products over 104" in length will require freight delivery (semi-truck, 18-wheeler). An additional \$95 fee is charged for freight deliveries to residential addresses.

Freight Charges:

Rod Length	Freight Shipping
Over 104" up to & including 140" • Signature Required	\$395
Over 140" up to & including 176" • Includes PVC container, insurance and signature required.	Call for a Quote
Residential Surcharge	\$95

\*Available in powder coat. Maximum length is 13 feet.

# 3 INCH Scale

Three Inch Scale drapery hardware includes 3 inch diameter rods. Three Inch Scale finials and brackets relate properly to these rod sizes in form, proportion, and function. Four inch rings are used with 3 inch diameter rods. Of course, everything is always relative to the size of the room, the amount of space to be occupied, the weight to be supported, and the statement to be made with the design.

**FINISHES:**

A French Silver Leaf • B Oil Rubbed Bronze • C Italian Walnut  
D Cream Cashew Silver • E Platinum Hollywood • F Pewter

**RODS OVER 12 FT. IN LENGTH (8' BAMBOO)**

Longer rods are made from two or more sections of raw material (wood, metal, bamboo, etc.), spliced together structurally and finished to look and function as one continuous rod. The splice usually occurs at the center and should be supported with a bracket. We recommend a support bracket every 4 to 6 feet (depending on the weight of the drapes) and under each point at which rods are joined with a connector.

**TIPS FOR SAVING ON SHIPPING FEES**

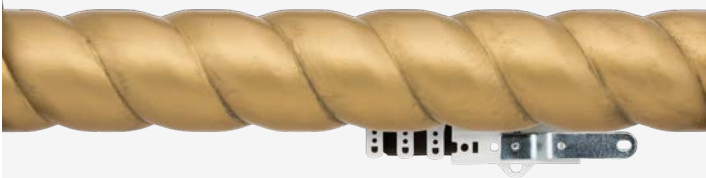

Buy smaller rods 104" or less and join them onsite using a connector, especially when using center draw and/or stationary panels. A support bracket will be needed where you join the rod. Other support brackets may be needed as well depending on the length of the rod and the weight of the drapes.

**FREIGHT SHIPPING**

Products over 104" in length will require freight delivery (semi-truck, 18-wheeler). An additional \$195 fee is charged for freight deliveries to residential addresses.

Freight Charges:

Rod Length	Freight Shipping
Over 104" up to & including 140" • Signature Required	\$395
Over 140" up to & including 176" • Includes PVC container, insurance and signature required.	Call for a Quote
Residential Surcharge	\$95

# POLISHED ALUMINUM

Our collection of gleaming hand-polished aluminum drapery hardware includes endless options for mixing various components to achieve brilliant outcomes. Rods are custom cut and give you a wide range of choices in form and functionality. There is a sparkling array of complementary finials, brackets, rings, and accessories. Our color palette also extends the opportunity to combine polished aluminum rods with warm metallic finishes on modern finials for a fresh contemporary look.

**SHOWN:**

- A Monaco Zip Bracket
- B Polished Aluminum Rod/Cylinder 1.0 Finial
- C VR Single Rod Zip Bracket
- D Square Zip Rod
- E Grace Bracket
- F Traverse Rod with 0.5 Cylinder Finial
- G Polished Aluminum Rod/Smooth Aluminum Ring/Beveled Square Finial

**CARE INSTRUCTIONS  
 POLISHED ALUMINUM**

Aluminum is a soft metal that scratches easily. Please take care with installation of this hardware. Our Polished Aluminum is not coated with paint or lacquers. Use a soft metal polish (such as Mothers® Mag & Aluminum Polish) and a soft dry cloth to remove fingerprints and polish out light scratches. Abrasive cleaners can scratch the finish and/or remove the shine.

Experts work skillfully to bring out the brilliant lustre of the polished aluminum finishes in stages, by hand.

# MEDALLIONS & CORNICES

Completing your vision is our mission so we offer a wide selection of drapery hardware accessories, parts and supplies to help ensure every detail of your desired window treatment design comes together perfectly and your installation goes smoothly. If you're searching for something fresh and unique you may enjoy exploring some of our choices that can introduce extra personality and a sense of whimsy and fun into a room.

# SCALE & MEASURING

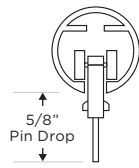

Scale is the relative size of one object to another. ADR drapery rods and related individual components (finials, brackets, and rings) are identified by the Scale of the particular component (1 in., 2 in., 3 in.). This establishes how the various hardware items relate to one another in form, proportion, and function. Be sure to always pay close attention to the dimensions presented for each item. The photos can be deceiving and make some of the 2 in. and 3 in. Scale items appear smaller than the amount of space they actually occupy.

## SIX IMPORTANT MEASURING TIPS

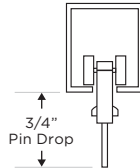

1. Precise measurements are key. Use a steel tape measure and measure to the nearest 1/8".
2. Measure each window individually. Do not assume windows that appear to be the same size are the same size.
3. When determining the exact length of the drapery rod be sure to consider the extra space added by the extension of the finials from the end of the rod.
4. Drapery rod brackets should be installed at least every 4 to 6 feet (depending on the weight of the drapes) and under each point at which rods are joined with a connector.
5. Drapery rings add extra inches to the measurement. This needs to be considered when deciding the height at which the drapery rod is to be installed.

### MEASURING 1 INCH SCALE ZIP RODS

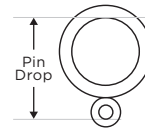

1 Inch Metal Zip Rod with Zip Eyelets

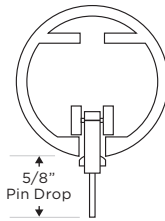

Square Zip Track with Zip Eyelets

### MEASURING STANDARD PIN DROPS

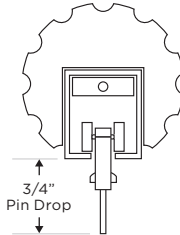

Use these measuring points for standard Pin Drops

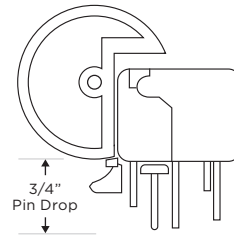

### MEASURING 2 INCH SCALE ZIP, TRAVERSE AND RIPPLEFOLD RODS

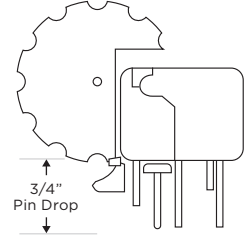

1-3/4 Inch Metal Zip Rod with Zip Eyelets

1-3/4 Inch Wood or Bamboo Zip Rod with Zip Eyelets

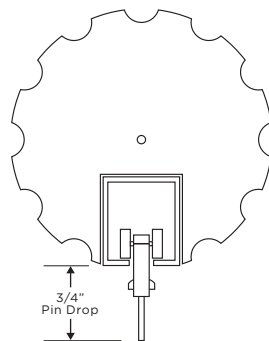

1-3/4 Inch Metal Traverse or Ripplefold Rod

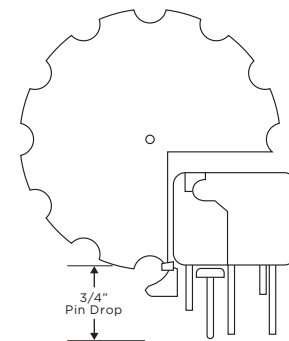

1-3/4 Inch Wood Traverse or Ripplefold Rod

### MEASURING 3 INCH SCALE ZIP, TRAVERSE AND RIPPLEFOLD RODS

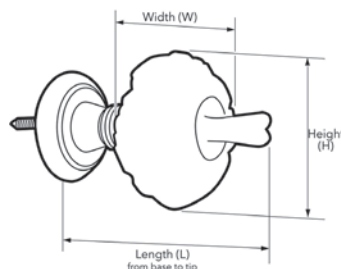

3 Inch Wood Zip Rod with Zip Eyelets

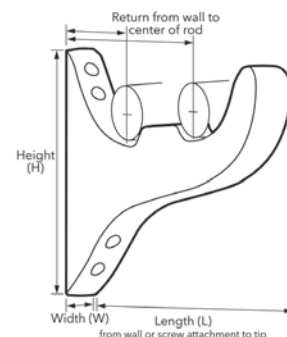

3 Inch Wood Traverse or Ripplefold Rod

### MEASURING FINIALS

### MEASURING BRACKETS

## ADR PRODUCT POLICY

---

At ADR, our motto is “We succeed when our customers succeed”. Achieving customer satisfaction and delivering a high-quality customer experience are core values. The company will make every effort within the policies outlined herein to ensure customer satisfaction and build lasting customer relationships. Every order is important to us. Our craftsmen make products to the specifications of our customers. Once an order moves into production, physical and financial resources are committed to fulfilling a specific individual request. These policies enable us to ensure consistency and produce equitable interactions.

## ORDER REVIEW

---

Please review your order very carefully before it is submitted. It's especially important to be certain that lengths and finishes are correct. It's also important to verify whether merchandise is being sold individually, in pairs, or packaged in other quantities. While our Customer Service Team reviews each order and catches many inconsistencies, it is ultimately up to you to ensure your order is correct.

## ORDER CONFIRMATION

---

A sales order confirmation email is sent shortly after an order is received. Please review this confirmation promptly and notify ADR at [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com) if there are any issues.

## PRODUCTION TIME

---

We manufacture made-to-order products customized according to fabrication selections specified by our clients. Production times can vary depending on the items being made, levels of overall demand, and unforeseen conditions and circumstances affecting the marketplace such as weather and other global/regional events. We strive to ship most orders within 20 business days of the date an order is confirmed (excluding oversized rods, cornices, and custom items). Production and delivery times are not guaranteed so please do not schedule installation until your products have been received, inspected, and accepted. ADR is not responsible for any fees incurred from missed installations or deadlines. ADR always will do its best to communicate about any deviation from its typical production and delivery times. Should there be a significant delay in shipment of your order you will be contacted via email or telephone. Please call or email us with any questions regarding **shipping** or **any order status inquiries**.

## CHANGES AND CANCELLATIONS

---

Orders may be changed or canceled without penalty the same day the order is placed by notifying ADR of the intent to change or cancel the order via an email to [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com) received before 5 pm Central Time on the day the order is placed.

Orders changed or canceled after 5 pm Central Time the day the order is placed will incur a 25% change order fee as long as notice is provided prior to shipping. Credit is issued to your account and may be applied to subsequent ADR purchases only. Credit is good for one year from the date the email cancellation or change request is received.

Once your order is completed, you will receive an email notifying you that it has either (i) shipped or (ii) is ready for pickup as specified in the order at the time of purchase. You have 30 days from the date you are notified of your order's completion to either return it or request an exchange.

## RETURNS/EXCHANGES POLICY

---

Returns and exchanges after an order is shipped will incur a 50% restocking fee (shipping charges, if any, are not credited). Once your Returns and Exchange product is received by ADR, a credit is issued to your account and may be applied to subsequent ADR purchases only. Credit is good for one year from the date the returned products are received and accepted. Shipping charges for returned and exchanged merchandise are the customer's responsibility.

To return or exchange eligible merchandise, contact [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com) and request a Return To Vendor Number (RTV) and return instructions. If you do not obtain an RTV, ADR will be unable to track and process your return or exchange.

ADR does not offer exchanges or refunds on rods over 12 feet in length, bed hardware, cornices, or custom items.

## SHIPPING POLICY

---

**Completed order shipments are processed within two business days following completion of production. Orders are not shipped on weekends or holidays.**

Customers choosing to have an order delivered will receive a confirmation email providing notification the order has shipped. The tracking number(s) contained in the email will be active within 24 hours. You also can always contact ADR to inquire about the status of an order. Call (214) 653-1733 or send an email to [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com).

When the shipment arrives, **PLEASE** inspect the packaging before accepting delivery. If the condition of the packaging causes you to suspect damage may have occurred to the contents in transit, please notify the delivery driver that you are refusing delivery. It will be helpful with damage claims if you (i) notify ADR of the situation and (ii) photograph the packaging and send those photos to ADR at [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com).

If you accept delivery, please inspect the order for accuracy, completeness, and condition within 48 hours of receipt (must be prior to installation). If there is an issue, please notify ADR immediately by email [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com), fax (214) 653-1776, or phone (214) 653-1733 and we will determine the best way to resolve the matter.

ADR is not responsible for any fees incurred from missed installations or deadlines.

## NON-TRADE REFUND FEE

---

ADR sells **EXCLUSIVELY** to the design trade - interior designers, window treatment professionals and associated trades. We carefully guard this commitment. If an account is created, and an order is placed online, that is deemed to have been made by an individual that is not a valid design trade customer, the order will be canceled (with notice) and charges will be refunded after ADR deducts an administrative fee of 10% of the amount charged when the order was created. If you feel we have made an error in our assessment of your qualifications, please reach out to us at [gcs@artisandraperyrod.com](mailto:gcs@artisandraperyrod.com)

# We Succeeded When Our Customers Succeed

FINE QUALITY DRAPERY HARDWARE MADE HERE

## We Use Our Heads

We do not need to check the mirror just to make sure we look good. We constantly strive to learn, grow and explore our abilities and capabilities.

Resolvimos todo lo posible con paciencia, creatividad y tenacidad. Siempre buscamos nuevas maneras de mejorar, crecer y explorar nuestras habilidades y capacidades.

Nosotros usamos nuestra mente

## We Are the Heart of ADR

The attitude, energy, and pride we discuss at work each day is important. We care for ADR, our customer efforts drive the business forward and benefit everyone.

## Somos el corazón de ADR

La actitud, la energía y el orgullo que tenemos cada día al trabajar se traducen en los esfuerzos por ADR, nuestros esfuerzos comerciales impulsan al negocio y benefician a todos.

## Our Vision Is Clear

We think big, take the initiative to resolve issues and fix problems now, and enjoy doing our part to help build a bright future.

Pensamos en grande, tenemos la iniciativa para resolver problemas y solucionarlos ahora, y disfrutamos haciendo nuestra parte para ayudar a construir un futuro brillante.

Nuestra visión es clara

## We Are at Our Best Together

With a team, we cooperate, respect, trust, and help each other. We embrace our individual responsibilities and are accountable to our teammates to do our job well. We enjoy gathering to celebrate life events and achievements large and small.

Como un equipo, nosotros cooperamos, respetamos, confiamos y nos ayudamos unos a otros, aceptamos nuestras responsabilidades individuales y somos responsables ante nuestros compañeros de trabajo para hacer bien nuestro trabajo. Disfrutamos reuniéndonos para celebrar eventos de la vida y logros grandes y pequeños.

Estamos en nuestro mejor momento juntos

## We Excel In Our Craft

Great artisans, true experts in our craft, committed to paying strict attention to quality, completing tasks efficiently, and making sure our customers always have positive experiences.

Somos artesanos, verdaderos expertos en nuestro oficio, comprometidos a prestar estricta atención a la calidad, completar las tareas de manera eficiente y asegurarnos de que nuestros clientes siempre tengan experiencias positivas.

Nos destacamos en nuestro oficio
